Rob Bunker Introduction Delivering Results Both On Track And Off

BRIDGEWATER, N.J. (February 24, 2007) Rob Bunker is a hot young driver who can deliver results, both on track and off. His versatility is evident in his performance in open-wheel and stock cars, racing on permanent road courses, street circuits and oval tracks. His talent, focus and drive to succeed have been honed in a host of cars, from high-tech Formula BMW, Mazda, and Renault racers to all-American stock cars. He has conquered the biggest, most challenging tracks in North America and tested his skill in Europe.

With the poise, confidence, instincts, and demeanor that have impressed veterans in premier racing leagues, Bunker is a racer: that rare breed of individual who simply belongs behind the wheel and knows it, who can taste his last ride and his next, ready for each opportunity to show what he can do.

A proven winner, he is as comfortable chatting with a corporate CEO as he is on the victory podium. The same character that enables him to slide calmly behind the wheel of a sleek racing machine and push it to the limit is equally evident in person. He is relaxed, personable and approachable, quick to shake hands and articulately discuss his passion and his profession – racing. He makes friends easily, quickly absorbs new information and avidly learns from those he meets. Those traits have served him well.

Strong assets on track, Rob Bunker's talent and potential, versatility, focus and energy are an effective catalyst for those who aspire to the same goals.

Keep up to date with all the action from one of the most exciting young drivers in Motorsports. Visit us on the web at <http://www.robbunker.com/>.
