### Tough Weekend At Toledo For Rob Bunker 2007 ARCA RE/MAX Series

BRIDGEWATER, N.J. (May 21, 2007) Rob Bunker's weekend was short lived when a misfortune on lap 115 relegated the #4 Dodge Motorsports Dodge Charger to a 32<sup>nd</sup> place finish in the Hantz Group 200. Cunningham Motorsports is a Dodge Development driver team and Rob has made a lot of progress since the beginning of the year. The weekend was filled with its share of thrills and Rob was none too happy with the outcome. The Cunningham Motorsports Team was on track for a good finish until an impatient competitor took it upon himself to push Bunker aside which created havoc for the whole team and put the #4 Dodge Motorsports Dodge Charger in the garage.

"I came to Toledo hoping to get a few more laps in but unfortunately, we got caught up in someone else's mess. We had a good practice and were off to a pretty good start this weekend. The team gave me a good car and I was really happy with the last run. The car was comfortable and I could pass with ease. Toward the end of the last run before our bad luck incident, the car was having a problem turning and I think something could have broken leading to a compound of problems. I feel bad for all the guys that work so hard day in and day out on this team. I know that they prepare these cars with a lot of heart and I just wish I could have brought the car home with a top ten finish and all the sheet metal still in place. I will get another test in and look forward to the next event. I appreciate everything that Kerry Scherer and Mark Gibson do to insure that I get good equipment. I know we will get things turned around soon," said Bunker.

*"I feel bad for all the guys that work so hard day in and day out on this team."*
